Ability to Sustainability

Pruthvi Molachi
Foundation
Annual Report
2020-21

सत्येन धार्यते पृथिवी।

Truth holds the Earth.

LIVE GREEN

Caring about the
environment is beautiful.

From Director's Desk

We believe Action speaks better than words and we act on it! Along with creating and spreading awareness about environment sustainability and conservation with word of mouth we have also organised various events and programs where we actually on real grounds act on sustainability. From our various projects and activities, we are trying to play a role in helping to plug gaps by conducting research to facilitate policy development, building institutional capacity, and facilitating independent dialogue with civil society to help people live more sustainable lifestyles. Networking and collaborating with national & international NGOs, CBOs, CSR foundations, Companies and Government agencies to foster sustainable environment and natural resources management will be our upcoming aim and we will work on it.

It's truly said:

**"Nature knows the Best. All forms of life are equally important.
Everything is connected to everything else. Everything changes.
Everything must go somewhere. Ours is a finite Earth.
Nature is beautiful and we are stewards of God's creation."**

Niharika Belwalkar
Director,
Pruthvi Molachi Foundation

We started with an idea of spreading awareness on environment and conservation through social media, but while being in social media, we came to know that only spreading awareness will do nothing to achieve our purpose, we have to go to the grass root and utilise our knowledge and expertise. Keeping this in our mind, we started the Pruthvi Molachi Foundation and got registered as a section 8 company on 5th August 2021. We started interacting with the experts from various industries and sectors to know our future steps and to grow further. As a part of that we arranged a webinar on Sustainable Development Goals (SDGs) stated by the United Nations. This was our sprouting moment and we started working in rural as well as urban areas and getting to know the problem better. Having a diverse team, we were able to find solutions or at least mobilise the resources accordingly. After that many trainings, workshops and webinars have been conducted which benefited to many people directly and indirectly. We also have setup our field office in Mahupada, a small tribal hamlet in Dhule district, where we will be focusing on working for tribal community and to learn from them symbiotically. From the small tribal hamlet to organizing the 1st South Asian Conference on Environment and Natural Resources Management (SACENRM2021), our first year was awesome, challenging and full of experiences. I thank all of our supporters, volunteers and team members for being a part of this year. We are committed to grow more and bring positive change in the areas we are working in. Once again I'd like to thank you all and looking forward for many more challenges.

Thanks and Stay Safe!

Parag Panchabhai

Project Prakriti Parisamvad

This project aims at delivering seminars, webinars, workshops and forum discussions on the topic of environmental conservation. Following webinars have been conducted,

- Webinar on 'Sustainable Development Goals' by Shri Kuldeepji Purandare, Social and Environmental Activist from Pune
- Webinar on 'Uses of Bamboo and Journey of Bamboo India' by Shri Yogeshji Shinde, Founder of Bamboo India
- Webinar on 'Chhatrapati Shri Shivaji Maharaj and Environment' by Shri Ravindraji Sasamkar, Social Activist
- Farmers' Training Program - FPO Management
- Water Conservation Training

Project Ajeevika

Project Ajeevika aims at the promotion of social business in urban areas and sustainable livelihood practices in the rural areas.

Pruthvi Molachi Foundation have organized a 2 Days Entrepreneurship Development Program on 4th and 5th January 2021.

The program was attended by 18 youth who aspired to be entrepreneurs. This cohort was a mixture of urban and rural youth all of them having different ideas and concepts. Ms Aditi Barve, PhD Scholar in Entrepreneurship guided the cohort. Also many different entrepreneurs shared their experiences with the youth.

AHILYA

Action for Health,
Inclusion, Leadership,
Youth & Agriculture
for women

Project AHILYA

Project AHILYA (Action for Health, Inclusion, Leadership, Youth and Agriculture for women) aims at solving various women centric issues to make them independent and self-sufficient.

SACENRM

The 1st South Asian Conference on Environment and Natural Resources Management (SACENRM2021) is an initiative by Pruthvi Molachi Foundation to fulfill our mission "To catalyze development and conservation process by utilizing grass-root information and global knowledge". This year the conference took place online on Zoom meetings.

कृषि संशोधन

Project Krushi Sanshodhan

Project Krushi Sanshodhan is an initiative to research on various methods of sustainable agriculture and to promote the same. This research mainly is carried out by the farmers connected with us. We also have made tie-ups with few FPOs and Vasundhara Krushi Pariwar for expert support for this project. Some activities we have conducted under this program are

- Farmers' Training Program - FPO Management
- Farmers Discussion Sessions
- Online Support to Farmers

Sustainable Rural Development Programme, Mahupada

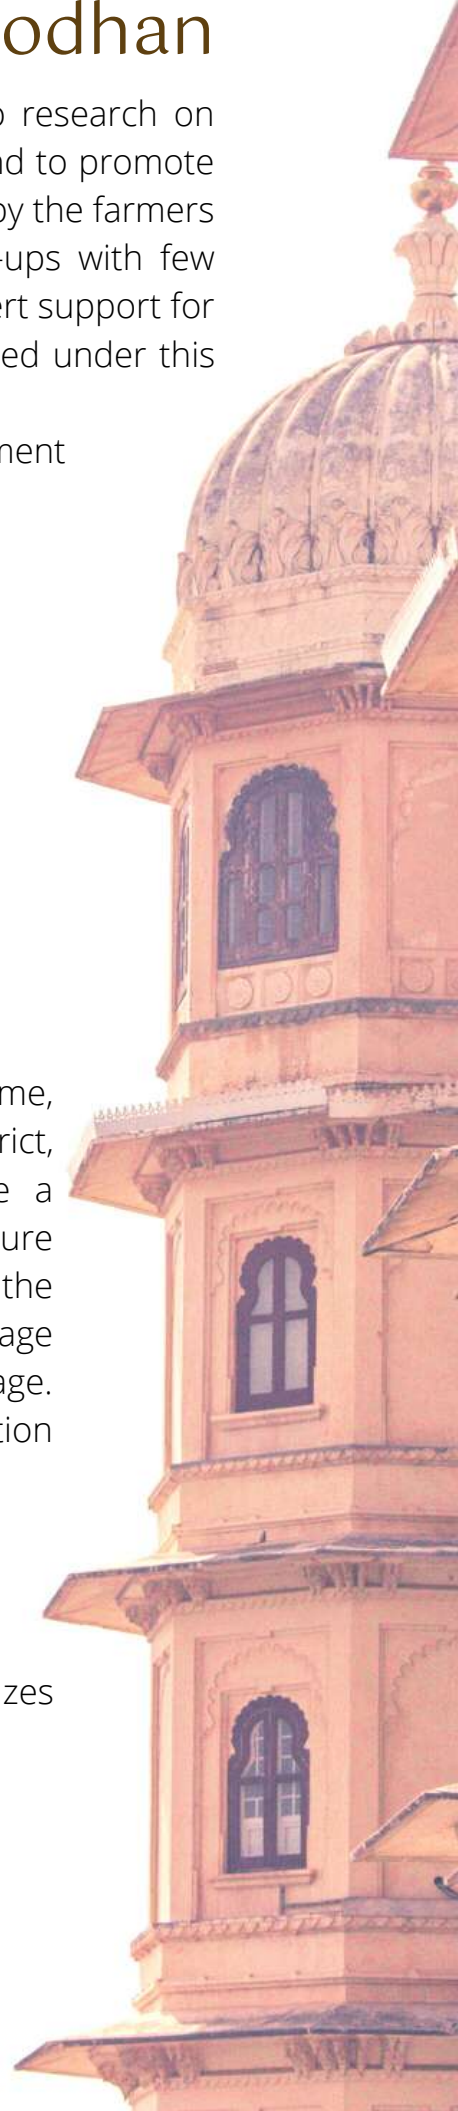

Project Gramotthan

Project Gramotthan is the Sustainable Rural Development Programme, currently taking place in Mahupada, a Tribal Hamlet in Dhule District, Maharashtra. Mahupada has a population of 700 who chose a sustainable way of living. A perfect example of Human-Nature Symbiosis. Pruthvi Molachi Foundation has decided to guide the villagers through their pursuit of Sustainable development. A Village Committee and a Forest committee has been established in the village. Development of this village by the means of Village Transformation model looking after the kinetics of sustainability will take place.

Other Activities

Apart from these projects, Pruthvi Molachi Foundation organizes various other activities like,

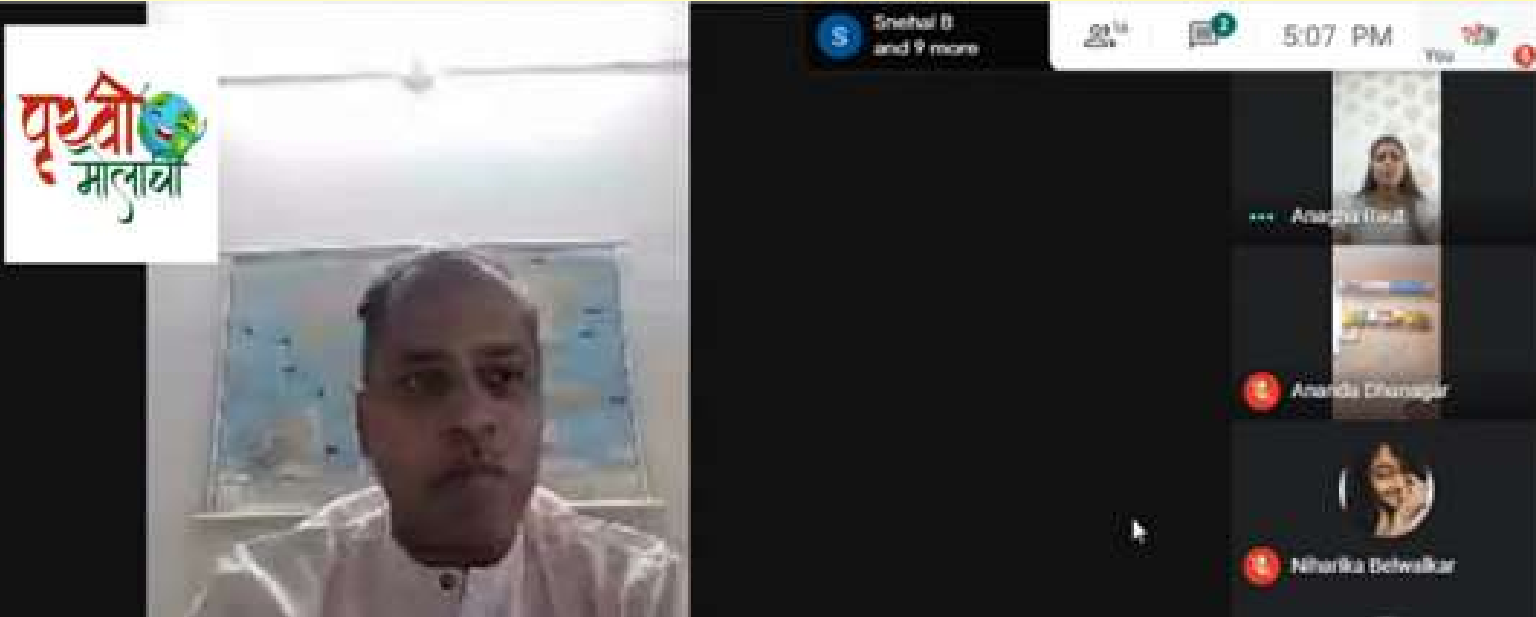

- Online Drawing Competition
- Encouragement for Tree Plantation and Conservation
- Helping other CSOs, NGOs, Clubs etc

Webinar on Sustainable Development Goals (SDGs)

stated by United Nations was organized on the occasion of Independence Day.

Shri Kuldeepji Purandare, Pune City Head, Environment Wing, RSS was present as chief guest for the program. He guided the participants on how the SDGs stated by the UN are going to affect/accelerate the development of the nation. He also gave focus on Indian youth should have a social long-term vision. 120 people attended the program online on google meet.

Webinar on Uses of Bamboo and Journey of Bamboo India

was organized on 31 August 2020.

Shri Yogeshji Shinde, Founder of Bamboo India was present as chief guest. He guided the participants on how bamboo can replace the plastic. How bamboo can be used to reduce the pollution. He also guided everyone through the journey of Bamboo India. 80 people attended the webinar.

Online Drawing competition

was organized in the month of September for the young children to spread environmental awareness through art. The theme of the competition was Environment. 43 students participated in the competition.

Pruthvi Molachi Foundation encouraged various CBOs and social workers for organizing a Tree Plantation Drive at their localities.

Sustainable Rural Development Project, Mahupada

Village Committee and
Forest Committee
Mahupada

Applied Environmental Research

Pruthvi Molachi Foundation has taken account of doing applied research in the field of environment and natural resources management. A lot of grassroot workers/NGOs face the problem of not having scientific basis of sustainability in terms of environmental development. We are continuously studying and observing micro and macro level changes in the environment and try to produce results which can solve the problem easily. Research on topics like Solar Dehydrators, Water Conservation, Organic Farming etc are in pipeline. More researches will take place eventually.

Farmers' Training – FPO Management

Pruthvi Molachi Foundation have organized a Farmers' Training - FPO Management on 14 Dec 2020 at Potul Village, Dist. Aurangabad, MH. Shri Dnyaneshwar Kapse, Agriculture Expert was present to guide the farmers on organic farming and management of Farmer Producer Organization (FPO). 25 Farmers from across the Maharashtra were present for the training.

Water Conservation Training

A 3 Day Training on Water Conservation and Hydrogeology was organized for the villagers on 20 Dec 2020 at Aurangabad. Basic concepts of Water conservation, Watershed Management, Water budgeting and hydrogeology was discussed by Shri Parag Panchabhai. 23 Participants from across the Maharashtra were participated in the training program. The training concluded with a field visit to the water conservation sites.

Entrepreneurship Development Program

To promote social business in urban area and sustainable livelihood practices in rural area, Pruthvi Molachi Foundation have organized a 2 Days Entrepreneurship Development Program on 4 and 5 January 2021. The program was attended by 18 youth who aspired to be entrepreneurs.

This cohort was a mixture of urban and rural youth all of them having different ideas and concepts. Ms Aditi Barve, PhD Scholar in Entrepreneurship guided the cohort. Also many different entrepreneurs shared their experiences with the youth.

1st South Asian Conference on Environment and Natural Resources Management

The 1st South Asian Conference on Environment and Natural Resources Management (SACENRM2021) is an initiative by Pruthvi Molachi Foundation to fulfill our mission "*To catalyze development and conservation process by utilizing grass-root information and global knowledge*". This year the conference took place online on Zoom meetings on 1-3 March 2021. The conference was a sprouting success for us and we got learn many more things in it. The conference received delegations from India, Nepal and Pakistan. Some of the key note speakers and subjects discussed are as follows,

यस्यां पूर्वे पूर्वजना विचक्रिरे यस्यां देवा असुरानभ्यवर्तयन् ।
गवामश्वानां वयसश्च विष्टा भगं वर्चः पृथिवी नो दधातु ॥

अथर्ववेद १२.१ - ५

(Salutations to Mother Earth) In Her our Forefathers lived and performed (their activities) in earlier times; in Her the Devas (the good forces) overturned the Asuras (the evil forces) (since earlier times),
5In Her lived the Cows, Horses, Birds (and other animals in earlier times); May She, the Mother Earth,
bestow on us Prosperity and Splendour.

Atharvaveda 12.1 - 5
